In Person Board Meeting Minutes

February 11, 2014 – 9:00am- 5:00pm

Meeting began at 9:30 am

List of Attendees

Interim Chair Michael Nevelle Paul Latour **Board Member** Jeff Walker **Board Member** Pat Bobinski **Board Member Deborah Simmons Executive Director** Lori Ann Lennie Office Manager George Barnaby Special Advisor Pat Bobinski Special Advisor Camilla Rabisca Special Advisor Jean Polfus Caribou Researcher Richard Popko ENR-Sahtú Wildlife

Nicole McCutchen ENR-Wildlife Division (via teleconference)
Jan Adamczewski ENR- Wildlife Division (via teleconference)
James Hodson ENR- Wildlife Division (via teleconference)

Shauna Morgan Pembina Institute

Leroy Andre Renewable Resources Officer, ENR-Sahtú Region (Déljne)

Meeting Agenda- Day 1

- 1. Prayer
- 2. Welcome, Introductions and review of agenda
- 3. Todzı (Boreal Woodland Caribou) Research and Management
 - a. Shatu 101: the context for caribou research and management in the Sahtú Region, including Federal and Territorial Species At Risk update
 - b. Todzı range planning11
 - c. Caribou Populations study update
- 4. ?ekwé Research and Management
 - a. Preliminary results Bluenose East census (Jan)
 - b. Bluenose East harvest monitoring (Michael)
 - c. Bluenose herds management plan update (Michael, Richard, Deb)
 - d. Caribou management strategy 2015-2020
- 5. Environmental Assessment Workshop

1. Prayer

Michael Neyelle

2. Welcome, Introductions and review of agenda

3. Todzı (Boreal Woodland Caribou) Research and Management

a. Sahtú 101: the context for caribou research and management in the Sahtú Region, including Federal and Territorial Species At Risk update

Presentation by James Hodson (via teleconference).

Discussion

- Local knowledge (Richard Popko and Jeff Walker) that moose are relocating from Norman Wells and Tulít'a to the area between Norman Wells and Fort Good Hope. More georeferenced animals locations needed to be able to measure this statistically. Animals are only normally collared on the other side of the river, leaving an information gap.
- James will work on a data sharing agreement with the SRRB

b. Todzı range planning

Presentation by Nicole McCutchen (via teleconference).

- Nicole would like board feedback and input on the Draft guidance for a Boreal caribou range plan for the NWT by the end of March 2014.
- Deb is meeting with SSI next week and will ask for feedback

c. Todzi research proposal overview

Presentation by Richard Popko (as part of 2014-2015 ENR proposal).

See Richard Popko section below.

d. Caribou Populations study update

Presentation by Jean Polfus

- Project is going well and receiving lots of samples. Considering engaging youth and using hellicopter to sample
- Will continue raising awareness on the project

4. ?ekwé Research and Management

a. Preliminary results - Bluenose East census

Presentation by Jan Adamczewski

• The Board may want to think about looking at management plan and thinking about recommending limit to harvest and shifting away from breeding cow harvest. Prime bulls should also be left alone.

b. Bluenose East harvest monitoring

Presentation by Michael Neyelle

The Déline RRC is undertaking harvest monitoring with a \$5,000 contribution from ENR.

c. Bluenose herds management plan update

Presentation by Michael Neyelle, Richard Popko, Deborah Simmons

- The management plan is nearing completion target date March 31, 2014.
- Next step will be review by ACCWM.

d. Caribou management strategy 2015-2020

Presentation by Jan Adamczewski

Discussion

- Looking for input from the SRRB on next Caribou Management Strategy
- Boards should evaluate each of these strategies as to how implementation has gone, how effective, in order to assess whether to continue in same direction - any areas unrealistic to complete in time frame, any areas that didn't get much focus
- One of key things is to go through each Strategy on its own, create a report card, and take that to RRCs and communities and ask them through facilitated discussion, how have you seen that working?
- Minister has asked GNWT to stage another Caribou Summit last one was 2007, we are looking at having it in early 2015 in Yellowknife; feedback and recommendations from Summit can help shape Summit

5. Environmental Assessment Workshop

Discussion led by Shauna Morgan

- George Barnaby (SLWB Board Member) declared conflict of interest and left the room during SLWB applications discussion
- Shauna walked the Board through the ConocoPhillips document posted to the SLWB Public Registry on May 30, 2013, entitled *Canol Shale Potential Future Development and Effects Considerations*.

Adjourned at 5:00 pm.

Day 2

February 12, 2014 – 9:00am- 5:00pm Meeting began at approximately 9:00 am

List of Attendees

Interim Chair Michael Neyelle Paul Latour **Board Member** Jeff Walker **Board Member** Pat Bobinski **Board Member Deborah Simmons Executive Director** Lori Ann Lennie Office Manager **George Barnaby** Special Advisor Pat Bobinski Special Advisor Camilla Rabisca Special Advisor Jean Polfus Caribou Researcher Richard Popko ENR-Sahtú Wildlife Shauna Morgan Pembina Institute

Donna Bigelow Canadian Wildlife Service (via teleconference)

Mike Gravel ENR- Forest Management Services (via teleconference)

Sandra Marken Conoco Phillips (via teleconference)
Kimberly Howland Department of Fisheries and Oceans

Agenda- Day 2

- 1. Sahtú Wildlife, Habitat Research Workshop
 - Sahtú Environmental Research and Monitoring Working Group Terms of Reference and research priorities (Deb and Michael)
 - ENR/SRRB joint wildlife research proposals (Richard)
 - Toward a five year research strategy (Richard, James, Deb)
 - Current and planned research overview
 - Wildlife Fund strategy goal, objectives, criteria
 - Wildlife Fund budget for 2014-2015
 - Wildlife Fund budget variance for 2013-2014
- 2. Legislation and Regulation Update
 - Federal Species At Risk Act- Barn Swallow
- 3. NWT Forest Management Regulations Update
- 4. Environmental Assessment Workshop (continued)

1. Sahtú Wildlife, Habitat and Harvesting Research Workshop

Discussion facilitated by Shauna Morgan.

a. Research Agenda

- The Board reviewed core research questions and priorities that can help to shape funding proposals and partnerships.
- Shauna will draft a Briefing Note for Board review based on the discussion, with the objective of developing a public document.
- b. Research update: long-term monitoring of cumulative impacts to Great Bear Lake fisheries and the aquatic ecosystem

Presentation by Kim Howland

Discussion

- Encouraging to see the community-based benthic studies; this technique could be used to involve communities in similar testing on Mackenzie River.
- Leroy Andre has asked that Kim's team make camp far away from the location of the fish sampling station to avoid bear encounters they should also take training bear safety (including community folks).

2. Legislation and Regulation Update

• Federal Species At Risk Act- Bank Swallow

Presentation by Donna Bigelow

- o CWS is looking for comments and feedback on Bank Swallow proposed Threatened listing
- Deadline for comments from the Board is March 23, 2014.
- No feedback from RRCs yet.
- o Donna will look into effects of mercury on bank swallow and report back to the board.

Migratory birds regulations update

3. NWT Forest Management Regulations Update

Presentation by Mike Gravel and Rob Simpson (consultant)

• Review of proposed new NWT legislation.

6. Environmental Assessment Workshop

Discussion led by Shauna Morgan

- Continuation of discussion from Day 1 of the ConocoPhillips document posted to the SLWB Public Registry on May 30, 2013, entitled *Canol Shale Potential Future Development and Effects Considerations*..
- George Barnaby (SLWB Board Member) declared conflict of interest and left the room during SLWB applications discussion
- Shauna will draft a letter of response for Board review.

Ended 5:05 pm.

Day 3

February 13, 2014 – 9:00am- 5:00pm Meeting began at approximately am

List of Attendees

Michael Nevelle Interim Chair **Keith Hickling Board Member** Paul Latour **Board Member** Jeff Walker **Board Member** Pat Bobinski **Board Member Deborah Simmons Executive Director** Lori Ann Lennie Office Manager **George Barnaby** Special Advisor Pat Bobinski Special Advisor Camilla Rabisca Special Advisor Jean Polfus Caribou Researcher Richard Popko ENR-Sahtú Wildlife Shauna Morgan Pembina Institute Kristi Benson Dene Mapping Project

Day 3 Meeting Agenda

- 1. Sahtu Spatial State of Knowledge and Dene Mapping Project Workshop
- 2. Environmental Assessments (Part 3)
- 3. Best of Both Worlds Traditional Economy Workshop presentation
- 4. ENR Wildlife Research Proposals
- 5. Variance for current fiscal and core budget for 2014-2015
- 6. Board Decisions
- 7. In-camera session

8. Closing remarks, prayer

Minutes- Day 3

1. Sahtu Spatial State of Knowledge and Dene Mapping Project Workshop

Presentation by Kristi Benson

a. Dene Mapping Project:

• Kristi provided a summary of activities to date, and planned activities for Years 2 and 3; the objective will be to work with communities in piloting an analysis of this and other data sources to understand trends in harvester relationships with todzi.

Break

b. Spatial State of Knowledge (ESRF)

- This ESRF project is in initial phases and will provide stakeholders with an overview of available data sources, including traditional knowledge if communities so desire.
- Discussion of where the data, maps and recordings should be stored.

2. Environmental Assessments (Part 3)

Discussion facilitated by Shauna Morgan

• Discussion of upcoming license/permit applications.

Lunch Break

3. Best of Both Worlds Traditional Economy Workshop presentation

Board attended a portion of the Traditional Economy workshop.

• Workshop participants provided Board members with an overview of key challenges facing the traditional economy, from the perspective of elders, current harvesters, youth, and women.

2:00 pm Board and board meeting guest back at board meeting.

 Board debrief about steps forward for the traditional economy assessment, including comparison of current issues with issues discussed in past years.

4. ENR Wildlife Research Proposals

Presentation by Richard Popko

- The Sahtú Environmental Research and Monitoring Forum met in January and identified priority areas of research that were the basis for development of three proposals to ENR.
- The SRRB has been asked to provide a letter of support for a number of proposals submitted for next fiscal year.

BREAK- Meeting reconvenes during supper

5. Variance for current fiscal and core budget for 2014-2015

• The variance report was presented and very briefly discussed.

Core budget for next fiscal year to be forwarded for Board review by email after the meeting.

6. Board Decisions

Item #1- Draft Guidance for a boreal caribou range plan for the NWT

Decision D010

D010 Deb Simmons will draft a letter and send to Board Members by email Consensus regarding the Draft guidance for a Boreal caribou range plan for the NWT.

Item #2- Caribou Management Strategy

Deborah Simmons needs guidance on moving forward with Caribou Management Strategy

Board learned lots through Bluenose and Bathurst management processes. ENR needs input right away, and in the future Board needs to start discussing sooner, especially when dealing with touchy subject like collaring. Input from the Sahtú Environmental Research and Monitoring Forum will be helpful.

Item #3- Environmental Assessment

Decision D015

D011 A response letter will be drafted for Board's review regarding Consensus ConocoPhillips' cumulative effects report. Gaps should be listed in point form

Decision D016

D012 Catarina Owen and Shauna Morgan will develop a Briefing Note about Consensus what kinds of criteria for Board to judge at what point something should be sent to EA- at what point EA would be useful, whether companies have done due diligence.

Decision D017

D013 Shauna Morgan and Catarina Owen will draft a letter of comment to the Consensus SLWB regarding Conoco's geotechnical program.

Item #4: Research Approach

Decision D018

D013 Shauna Morgan draft up a Briefing Note for Board Review on the Board's Consensus

Item #5- Wildlife Fund

Budget for wildlife fund for the next Fiscal Year Wildlife Research Fund will be discussed at March teleconference.

Item #6- Bank Swallow

?ehdzo Got'ınę Gots'é Nákedı

Update from Donna – mercury is not a risk factor for bank swallows (only barn swallows).

Decision D019

D014

Deb Simmons will write a letter of support with caveat that habitat in NWT Consensus appears to be adequate; and that Board should be involved in development of Recovery Strategy.

Item #7- Forest Management

Decision D020

D015

Recommend the following: 1) ENR review regulations to create exemption for beneficiaries to need permit to cut wood and transport wood for domestic purposes. Board also recommends a regulation that community could apply for blanket permit (commercial license) for community; 2) different means should be found to calculate amount of wood being cut by communities.

Item #8- Spatial State of Knowledge

No decision required.

Item #9- SRRB and Land Claim implementation

Daryn Leas will informally talk with SSI about 10 yr Land Claim implementation budget.

Item #10-Strengthening Partnerships with ?ehdzo Got'ine

Harvest Study data quality is extremely good, only minor errors. Joe has been putting off his tour in communities – he's going to be working on projects that will feed into various products.

Item #11- Richard's proposal to ENR

Decision D021

D016

Deborah Simmons will draft a letter reviewing ENR Wildlife Research proposals.

Consensus

Consensus

Item #12: Budget

Project budgets – have been charging admin fees to be able to have extra flexibility in budget

Budget discussion set aside to next teleconference in March.

Item #13-Minutes of the last meeting

Motion M052

M052

Paul Latour / Jeff Walker. The SRRB approved meeting minutes for the Consensus January 8, 2014 teleconference.

Item #14- Chair appointment

Michael Neyelle's nomination as Interim Chair was approved by Board at October 2-4, 2013 meeting but a formal motion was not recorded.

Motion M053

M053 Jeff Walker/Paul Latour. Nominate Michael Neyelle as Chair.

Consensus

Item #15: Operating Manual

Motion M054

M054 Jeff Walker/Paul Latour. The SRRB approves recommendation of Executive Consensus Committee to adopt the revised Operational Directives, section 6

7. Next meetings

Teleconference during 3rd week in March.

Fall in person meeting – 3rd week of September? In Colville Lake

Motion M055

M054 Jeff Walker/Paul Latour. The SRRB moves to go to in camera session at 7:15 Consensus pm

Motion M056

M055 Jeff Walker/Paul Latour. The SRRB moves to end in camera session. Consensus

8. Closing remarks, prayer

Motion M057

M056 Jeff Walker. Meeting adjourned at 8:00 pm.

Consensus

Summary of Motions

Number	Description	Result
M052	Paul Latour / Jeff Walker. The SRRB approved meeting minutes for the January 8, 2014 teleconference.	Consensus
M053	Jeff Walker/Paul Latour. Nominate Michael Neyelle as Chair.	Consensus
M054	Jeff Walker/Paul Latour. The SRRB approves recommendation of Executive Committee to adopt the revised Operational Directives, section 6	Consensus
M055	Jeff Walker/Paul Latour. The SRRB moves to go to in camera session at 7:15 pm	5 Consensus
M056	Jeff Walker/Paul Latour. The SRRB moves to end in camera session.	Consensus
M057	Jeff Walker. Meeting adjourned at 8:00 pm.	Consensus
