Decision on Motion

Tłegóhłı 2024 Public Listening Session
February 20-22, 2024

Notice to Parties and the Public, **May 24, 2024**

This notice provides an update on the Tłegóhłı 2024 Public Listening Session (PLS).

Decision on Motion Objecting to Procedural Irregularities

On April 9, 2024, the Sahtú Renewable Resources Board (SRRB) received a motion from Fort Good Hope Renewable Resources Council (FGH-RRC) objecting to the SRRB's decision to grant an extension to GNWT-ECC and saying the process the SRRB followed in granting the extension was procedurally unfair. As a remedy, FGH-RRC requested that some or all of GNWT-ECC's final submissions and responses to Information Requests Round 3, dated March 22, 2024¹, be removed from the record of the Tłegóhłı 2024 PLS.

The SRRB has carefully considered this objection and has decided to deny FGH-RRC's request for a remedy on the basis that the decision to grant the extension did not breach procedural fairness owed to FGH-RRC, did not prejudice FGH-RRC or other parties to the PLS, and the proposed remedies could cause a breach of procedural fairness owed to GNWT-ECC.

The SRRB's decision and full reasons on this matter are attached to this Notice and posted on the registry for the Tłegóhłı 2024 PLS.

Closure of the Record

The SRRB is giving notice the record of the Tłegóhłı 2024 PLS will be closed on **June 7, 2024**. Rule 18.2 of the SRRB's *Rules for Hearings* provides that after the record is closed, the Board will not accept information and evidence for consideration, unless a Motion to reopen the record has been made and approved by the Board.

¹ The SRRB notes that its earlier Notice, dated April 15, 2024, incorrectly indicated that ECC's submissions were dated March 23, 2024. They were dated and received March 22, 2024.

Next Steps

The SRRB is working to conclude the Tłegóhłı 2024 PLS hearing report and will provide updates in due course.
